### IDENTITY

- Name: **Hayk Hovsepyan**
- Date of birth: **29/12/1990**
- Nationality: **Belgian**
- City: **Brussels, Belgium**
- Professional Experience: **10 years**

I am a Computer Scientist with a strong background in programming enforced with great skills in functional and technical analysis.

I continuously strengthen my knowledge with several certifications and trainings. I am now specialized in Full Stack Development with Java back-end and Angular front-end.

During my career, I also learned about web security and gained strong skills in that field as well.

### KNOWLEDGE

#### Skills:

##### Back-end

- Java, Spring, Hibernate, MySQL, Maven, Junit, Mockito, JPA, JDBC.
- IntelliJ, Eclipse, Maven, Git, Jira, Jenkins, Redmine, Sonar, Visual Studio.

##### Front-end

- Angular, HTML5, CSS3, JavaScript, Bootstrap, PrimeFaces, Webstorm.

##### Big Data

- Apache Hadoop, Apache Spark, Apache Hive, Apache Ranger.

##### Security

- SSL/TLS, JWT, OpenID, OpenSSL, PKI, gsk7capicmd.

#### Certifications:

- |  |                          |
|--|--------------------------|
| - Pivotal Certified Core <i>Spring</i> Professional          | License Core Spring V4.0 |
| - Oracle Certified Professional, <i>Java</i> SE 7 Programmer | License 1Z0-804          |
| - Oracle Certified Associate, <i>Java</i> SE 7 Programmer    | License 1Z0-803          |
| - Hortonworks Certified Associate                            | License HCA              |

### EDUCATION

**Master of Computer Science (MCS)** 2016 — 2018  
UNamur, Namur, Belgium

**Bachelor of Software Engineering (B.SE.)** 2010 — 2013  
Haute Ecole de Bruxelles, Brussels, Belgium

## EXPERIENCE

- ONE (Freelance)** 01/01/2020 — Present  
Full Stack Developer.  
Analyze, develop and tests multiple components for public organization.  
Skills: Java 11, Angular 9, Spring, Hibernate, IntelliJ, Docker, GOCD, JaCoCo, Junit, Mockito, JPA, MySQL, Maven.
- BNP Paribas Fortis (Freelance)** 01/11/2018 — 31/12/2019  
Full Stack Developer.  
Analyze, develop and tests multiple components for the Belgium largest bank.  
Skills: Java 8, Angular 8, Spring, Hibernate, IntelliJ, SonarQube, Jenkins, Tomcat, Junit, Mockito, JPA, MySQL, Maven.
- European Commission (Freelance)** 01/03/2018 — 31/10/2018  
Java Web Application Developer.  
Analyze, design and implement a tendering platform and ensure communication with multiple other EC services.  
Skills: Java 8, Angular 6, Spring, Hibernate, IntelliJ, WebLogic, JUnit, Mockito, JPA, MySQL, Maven.
- SPW (with DXC Technology)** 01/12/2016 — 28/02/2018  
Java Web Application Developer.  
Analyze, develop and tests multiple web components in compliance with governmental requirements.  
Skills: Java 8, JBoss Portal, JSF, Spring, Hibernate, JUnit, Mockito, Maven, Liferay.
- BNP Paribas Fortis (with Devoteam)** 01/01/2016 — 30/11/2016  
Web Security Engineer.  
Engineering and managing the internal PKI of a banking system, using TSL/SSL.  
Skills: PKI, SSL/TLS, OpenSSL, gsk7capicmd, UNIX, management, network.
- Allianz (with Accenture)** 01/06/2015 — 31/12/2015  
Java Web Application Developer.  
Analyze, develop and tests multiple web components for an insurance company.  
Skills: Java 7, JBoss Portal, JSF, Spring, Hibernate, JUnit, Mockito, Maven, Spring Web Flow.
- Groupe One (with Accenture)** 01/11/2014 — 31/05/2015  
Java Web Application Developer.  
Analyze, design and implement a financial web application for a SME.  
Skills: Java 7, Junit, Mockito, Hibernate, Spring, Eclipse, Maven, Redmine, Jenkins, MySQL, OpenJPA.

**multiPHARMA** (with Accenture)

01/08/2013 — 31/10/2014

Java Standalone Application Developer.

Design, develop and test the POS artifacts and participate in SCRUM activities.

Skills: Java 7, Swing, JUnit, Mockito, Hibernate, Spring, Eclipse, Maven.
